Price reported on the hospital auxiliary, which has been organized to supercede the hospital committee in a membership drive. The club voted and passed on two recommendations of the board of directors, first, that each teacher should be given a World's Club year book and be invited to attend the meetings; second, that the club pay the \$3.00 dues for a Woman's Club member to belong to the hospital auxiliary board.

Clam Chowder Can Be Dynamite!

If Smiley Roberts is a friend of yours, like he is mine, and if you want to keep his friendship, like I do, don't ever let him hear you say that good clam chowder can be made without cream.

In New England, where Smiley comes from, friendships have been broken over tomatoes versus cream in clam chowder. Experts say that south of Boston the tomato reigns supreme, but north of Boston it's cream—or chow!

From where I sit, whether it should be cream or tomatoes is simply a matter of taste. This is

lowing the game with Pahokee Wednesday night. The following committees were appointed:
Refreshment: Alvin Leathers, chairman; LaVon Bass, and D. C. Nelson.
Entertainment: Bob Farmer, chairman; Thomas Williams, and Howard Hill.
Decorations: Joe Revels, chairman; Bobby Hooker, Billy Burke, Joe Leavitt, and Travis Poole.
Clean Up: Charles Miller, chairman; Lee Burke, and pledge-

ECONOMIC MOBILIZATION
(Continued From Page 1)
The "Whys" of possible alignment in a future war, is being taught the lower levels of officer and civilian contingents.

Unification of the Armed Forces is evident in these schools as this school was opened by General Alvin C. Gillespie, Jr., Commanding the Third Army area at Atlanta and courses were conducted by officers of the Army, Navy, Marines and Air Corps. Attending this school at the same time as Col. Young were an Army, a Marine and Navy officers of West Palm Beach.

Colonel Young praises highly the purpose of the school and the efficient plan of getting the courses over in the limited time. There is a graduation award a certain feeling of security to the Average Man to know that our fighting boys are getting a good education from the "stiff collar" holier-than-thou attitude of Pearl Harbor, which is a General in our Army and an Admiral of our Navy pointed at each other from opposite sides of the podium while the Nips were approaching with deadly bombs.

OBSERVATIONS
(Continued from page one)
The Trojans, and that was the telling feature of the rivalry for the year. The Trojans, sustained a fractured wrist during the game, and at least three other players pretty badly banged up.

Basketball is the next athletic program which will be given attention by the schools of the Gulfstream conference. While we have had favorable teams in the past we have not been within the current campaign over the mark set a year ago. Among larger schools reporting 100 percent membership, this week, were Lake Worth public schools; Belle Glade, Pahokee, Delray Beach elementary, Palm Beach, Jupiter and Riviera Beach.

Another outstanding mark this year, Mrs. Bennett said, was set at the Palm Beach private school where 23 students were submitted a total of \$25 to the service fund.

The membership drive was carried on in all 76 of the elementary and high schools in the county.

Freak Frost Nips Young Okeelanta Downs in South Bay

The Okeelanta farming area was hit by a freak frost Friday night and several hundred acres of young snap beans were badly damaged and sweet corn slightly damaged according to reports of growers in the area. One grower reported a low temperature of 29 in his field.

Crops on high land near Lake Okeechobee were not damaged as the wind continued to blow during the night. It died down in the early morning hours for a short period but rose again before sunrise.

J. W. Milligan of the frost warning service reports that the frost coated area was 8 to 10 miles south and east of Lake Okeechobee, light and spotted owing to winds from Lake Okeechobee. Where the wind died down the temperature fell to 32 at the freezing point and lower, rising again to several degrees above the danger point with the rise of the wind again.

Harvest on the snap bean crop in the South Bay-Bean City-Lake Harbor area is now approaching the peak of the season. The weather has continued favorable to snap beans during the fall and yields have been very good on the high land, some tracts picking in excess of 100 hampers to the acre at the first picking.

Shipments by rail have as yet been relatively light, two or three cars a day leaving the platform at South Bay. Shipments by transport truck, however, have been heavy and have absorbed most of the crop during the fall to date.

Woodmen Circle Has Home Meeting in Chosen
The Supreme Forest Woodman Circle met at the home of Mrs. George Rawls at Chosen, Thursday evening and planned for a delegation to attend the National Convention at McAllister Hotel in Miami December 4-9.

They also planned for their annual Christmas party to take place at the Rawls home on the evening of December 16. The party will be for adults and an exchange of gifts will take place as a part of the Yuletide festivities of the occasion with an outdoor tree and games.

The annual election of officers will also take place at the December 16 meeting. Tentative plans for a party for the children of members have been laid to take place during the Christmas holidays, probably during the week between Christmas and New Years, the date to be announced later.

Mrs. Rawls served lemon chiffon pie and coffee at the close of the evening business and social program.

Planning For A New Church Home Edifice

Thos. E. Weathers was appointed clerk to write to the Sunday School Board for plans and a blue print of a church plan suitable to the need at South Bay.

Edwin Best, T. E. Weathers and M. J. Hardy were appointed on the committee to select a site for the new building.

The finance committee to raise funds is composed of A. J. Williams, Mrs. Mary Louise Weathers, Mrs. Olga Hardy, Mr. and Mrs. Cecil A. Armstrong.

Poem by a fourth grader.
A DREAMER
If I were a poet
I'd compose a poem
About a very dear leader
I'd write this poem so clear

You know he was my teacher
For all my fellow man
Because I'd want them to know
To me, my teacher is so grand.

He teaches me Arithmetic
Reading, writing and how to spell
And so many other things
I could never find time to tell.
